**We guarantee to provide aircraft within your chosen category or upgrade you to superior cabin size, at no additional cost to you.**

We offer transparent pricing with no hidden fees and no charges for aircraft positioning within the European flight area.

There is no expiry on the hours purchased, and refunds will be made on remaining balances if the client so chooses.

Your account may be replenished as funds are used.

**Fly when you want, wherever in the world you want, on a superior fleet of new generation jets**

# V.V.I.P.

## How does the JetSet card work?

Members purchase in advance a block of flying hours, and can choose to purchase additional hours according to their needs.

You decide whether the 20hr entry level suits you, or whether you need to purchase additional hours.

## Total travel freedom!

We know that some of our more regular on-demand private jet charter clients know in advance how much flying they will be doing in a year. That is why United Charter Services have designed the JetSet private jet programme specifically for high-volume flyers.

Whether you fly for business or pleasure, you can now experience the full benefits of being an U.C.S JetSet member. It's like owning your own fleet of private jets only without the financial commitment of purchasing or leasing.

## The benefits

You purchase the number of hours you want and then use those hours as and when you want. We simply deduct the used hours from your credit balance at the agreed fixed hourly rates.

Pre-paying means there is no fund clearance delay, so flights can be booked at short notice. Additionally there is no risk of currency fluctuations. Our pre-paid JetSet programme makes it clear how much you will pay for any journey.
